ANNEXURE-1 SECRETARIAL AUDIT REPORT

For the Financial Year ended on 31st March 2018

(Pursuant to section 204(1) of the Companies Act, 2013 and the Rules made there under)

To

The Members

WESTERN INDIA PLYWOODS LIMITED

CIN: L20211KL1945PLC001708, MILL ROAD BALIAPATAM CANNANORE, KERALA-670010, INDIA

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by M/s. **WESTERN INDIA PLYWOODS LIMITED**, bearing CIN: L20211KL1945PLC001708 (hereinafter called "the Company"). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the company's books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the company has, during the audit period covering the financial year ended on 31st March, 2018 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

The equity shares of the Company have been listed on the National Stock Exchange of India Limited with effect from 07.04.2017 and hence the regulations and guidelines prescribed under the Securities and Exchange Board of India Act, 1992 (SEBI Act) are applicable from the Financial Year 2017-18 onwards.

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March, 2018 according to the provisions of following Laws and Regulations

1. The Companies Act, 2013 and the rules made thereunder
2. The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made there under
3. The Foreign Exchange Management Act, 1999 and the rules and regulations made there under to the extent of Foreign Direct Investment and Overseas Direct Investment
4. The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder
5. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'): -
 - i. The SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015
 - ii. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011
 - iii. The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015

We have also examined compliance with the applicable provisions of:

- i) Secretarial Standards issued by The Institute of Company Secretaries of India;
 - ii) The Listing Agreements entered into by the Company with National Stock Exchange of India Limited;
1. During the period under review, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines etc mentioned above subject to the following observations:
 - i) *There were few instances where Company has delayed the intimations as required under SEBI (Depositories and participants) Regulations, 1996 and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 to the Stock Exchange and there were delay in filing e-forms as required under Companies Act 2013 and rules framed there under with the Registrar of Companies.*
 - ii) *The entire shareholding of Promoters and Promoter Groups are not in dematerialised form.*
 - iii) *There was a delay in filing of Annual Return on Foreign Liabilities and Assets (FLA) for the year ended 31st March 2017 with the Reserve Bank of India. However the Company has filed the same on 22nd March 2018.*
 - iv) *The Register of Charges, as maintained by the Company and also evidenced in the website of the Ministry of Corporate Affairs requires updating as returns/forms relating to many of the charges satisfied and not appearing in the Balance Sheet for years together are yet to be filed by the Company.*

We further report that, during the year under report,

- v) The company has transferred unclaimed dividend amount and the shares in respect of which dividend has not been paid or claimed for the seven consecutive years or more to the Investor Education and Protection Fund in compliance with the provision of the Companies Act 2013 and SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015
 - vi) The Company has redeemed 1,90,000 -8% Redeemable Cumulative Preference Shares of Rs. 100 each on 30th January 2018 at 80% of the face value in compliance with the provisions of the Companies Act 2013.
 - vii) None of the directors in the Board had retired by rotation at the Annual General Meeting held on 13th September 2017 as required under section 152 (6) of the Companies Act 2013
 - viii) The Company has appointed Mr. Balakrishnan Company Secretary of the Company as the Chief Financial Officer and has filed E-form MGT 14 with the ROC in compliance with section 179 of the Companies Act 2013 and rules framed there under. However due to the technical reason, the Company could not file the E-form DIR-12 with the ROC, since Mr. Balakrishnan is acting in the capacity of Company Secretary and Chief Financial Officer.
 - ix) The Company has submitted Annual Report on 14th September 2017 in compliance with the provision of the regulation 34 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015. However the Compliance Certificate reflected in the National Stock Exchange shows that the Annual Report for financial year ended 31st March 2017 has not been submitted.
 - x) There were no creation or invocation or release of encumbrance of shares as envisaged under The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011. However, the shares of the Managing Director of the Company which were already pledged was extended as security for availing loan by the Company.
 - xi) All the queries from the Stock Exchange and Registrar of Companies have been duly addressed and clarified by the Company.
2. In respect of other laws including Acts relating to employees and labour regulations, welfare and connected activities, specifically applicable to the Company, we have relied on information/ records /compliance checklists duly certified and produced by the Company during the course of our audit and the reporting is limited to that extent. It is confirmed by the Management that the Company has devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems are adequate and operating effectively
 3. Since the company has engaged Statutory Auditors and Internal Auditors for the period under review, we are not reporting on the areas exclusive to them like Compliances under the Income Tax Act, VAT and other relevant areas under the Indirect Tax Laws.

We further report that:

1. The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.
2. We are unable to comment whether the Company has circulated the Agenda for Board and Committee Meetings within the time frame prescribed under the Secretarial Standards. All the decisions taken at the Board and Committee Meetings were properly captured and recorded in the minutes. As per the minutes of the meetings, the decisions of the Board and Committees were unanimous and no dissenting views have been recorded.
3. Based on the information provided and representation made by the Company, there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.
4. There is scope for improving the systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

ANNEXURE-5

(A) CONSERVATION OF ENERGY

- a. Energy conservation measures taken:
- 1) For pulping, Defibrator No.1 (1600 HP) is being utilized maximum, reducing its down time and Defibrator No.2 (2000 HP) to be run only in case of emergency.
 - 2) Plate washing in both Hardboard plants is avoided during peak hours.
 - 3) Power factor is improved to 0.99, thereby increasing the system efficiency.
- b. Additional investments/ proposals being implemented for reduction of Consumption of energy:
- 1) Wastage of air, water and steam to be identified and corrective actions to be taken.
 - 2) Installation of Solar panels for lighting to be studied.
 - 3) Regular Energy conservation committee meetings are held for monitoring and controlling in the plants.

c. TECHNOLOGY ABSORPTION, ADAPTATION & INNOVATION

Efforts made in brief towards technology absorption, adaptation & innovation.

- Developed a Highly Water Resistant variety of Oil tempered hardboard ideal for Automotive and Packaging industries.
- Developed a new method of manufacturing of Oil tempered Hardboard eliminating the use of white spirit, an organic solvent along with linseed oil.
- Developed an innovative method of converting shredded blocks of demonetized currency note paper from RBI, Thiruvananthapuram into pulp to use along with wood pulp to make hardboards and softboards.
- Conducted trials to explore the potential of using non-wood lignocellulosic materials along with wood veneer for developing Flexi-ply.

Benefits derived as a result of the above efforts.

- A new product, Water Resistant Hardboard has been added successfully to the products list of the Company.
- Eliminating the use of petroleum-based solvent from Oil tempered hardboard production process is a remarkable achievement in terms of its impact on making the product 100% environmentally friendly.
- With the use of pulp from demonetized currency paper in the manufacturing of hardboard, the company has been able to achieve considerable savings by reducing the cost of pulp production and also by minimizing the use of paraffin wax and phenol formaldehyde resin.
- Cost reduction by the use of low cost, non-wood raw materials.

REPORT ON CORPORATE GOVERNANCE

The Board of Directors present the Report on the compliance of Corporate Governance for the financial year ended 31.03.2018.

CORPORATE GOVERNANCE PHILOSOPHY

As an ISO 9001-2015 unit engaged in manufacture and sale of a range of wood products, the Company assures product quality and accountability and integrity in its operation and also in its relation with shareholders, customers, employees, Government and other business associates.

GOVERNANCE STRUCTURE

The Company's Governance Structure comprises a dual layer, the Board of Directors and the Committees of the Board at the apex level and the Management Team at an operational level. The Board lays down the overall Corporate Objectives and provides direction and independence to the Management Team to achieve these objectives within a given framework. This professional management process results in building a conducive environment for sustainable business operations and value creation for all stakeholders.

The Board of Directors and the committees of the Board play a fundamental role in upholding and furthering the principals of good governance which translates into ethical business practices, transparency and accountability in the Company's dealing with its stakeholders and in the utilization of resources for creating sustainable growth to the benefit of all the stakeholders. The Board within the framework of law, discharges its fiduciary duties of safeguarding the interests of the Company. The Boards composition and size is robust and enables it to deal competently with emerging business development issue and exercise independent judgment.

Committee of Directors assists the Board of Directors in discharging its duties and responsibilities. The Board has constituted the following Committees viz. Audit Committee, Stakeholders Relationship Committee, Nomination & Remuneration Committee which are mandatory Committees.

The Management Structure for the day-to-day business operations and management of the Company is in place with appropriate delegation of powers and responsibilities.

CORPORATE GOVERNANCE PRACTICE

The Company strives towards ensuring transparency and professionalism in all decisions and spheres of operation, achieving excellence in Corporate Governance by conforming to the prevalent mandatory guidelines on Corporate Governance.

ROLE OF COMPANY SECRETARY IN OVERALL GOVERNANCE PROCESS

The Company Secretary plays a key role in ensuring that the Board and Committees procedures are followed and regularly reviewed. The Company Secretary ensures that all relevant information, details and documents are made available to the Directors and Senior Management for effective decision making at the Meetings. The Company Secretary is primarily responsible for assisting and advising the Board in conducting the affairs of the Company, to ensure the compliances with applicable statutory requirements, to provide guidance to Directors and to facilitate convening of Meetings. The Company Secretary interfaces between the Management and regulatory authority for governance matters.

MANAGEMENT DISCUSSION AND ANALYSIS

This report is prepared in compliance with the requirement of the Corporate Governance. It covers both performance and outlook of the Company. The management accepts its responsibility for the integrated objectivity of the financial statements.

1. Industry structure and development

The Company is a leading supplier to Railways, Automobiles, Transformer Manufacturers and other Industries. There is shortage of good raw material available in the Country and therefore the company has to depend on imports at a higher cost. This escalation in cost couldn't be fully absorbed in the market price and thereby there is shrinkage in the margin. The Company is trying to overcome these problems by diversification into new value added products, better marketing strategies and management methods. A new product namely low density board was introduced by diversification which has good demand both in the domestic and international markets.

2. Opportunities and threats

The major raw material required by the Company are softwood and waste wood for hardboard and timber for plywood. There is scarcity of these raw materials. However as the company is in commercial operation for more than seven years it could establish a good system of procurement.

The Joint Venture Company was started in Malaysia for manufacturing of Veneers for meeting a major requirement of Raw Materials.

Competition from other manufacturers and cheap imports can affect the profitability of the company. As the company is maintaining high quality for its products and the same is well accepted by the

customers both in India and abroad. The Company has established Research and Development Unit, one of the best of its kind in the wood based industry. The company is also duly equipped to develop new products to meet the requirements of the market.

The Company believes from experience that customer loyalty will prove beneficial in meeting the challenge faced by it in the long run.

3. Product wise performance

(Rs in Lakhs)

Sl.No	PRODUCT	2017-18	2016-17
1	Hardboard	4965.93	5085.93
2	Plywood	1541.09	1365.60
3	Densified wood	1221.34	1447.06
4	Pre-compressed Board	324.41	342.14
5	Pre-finished board	107.94	92.58
6	Furniture	168.17	208.63
7	Other sales	105.79	162.78
8	Soft Board	520.03	180.85
	Total	8954.70	8885.57

4. Industrial Relations:

The industrial segment was peaceful during the year. The Management wishes to acknowledge the efforts made by employees in the working of the Company.

5. Internal control System

The Company has a well-defined internal control system to ensure that the assets are safe and transactions are authorized, recorded and correctly reported. The Board is of the view that existing control methods which are reviewed periodically are operating satisfactorily.

6. Material Development in Human Resources and Industrial Relations including no. of people employed:

The man power strength of the Company as on 31.03.2018 was 297. Being an ISO 9001-2015 certified Company, the company conducts regular training programs for the employees to impress on them the need for quality, productivity and transparency. These measures have helped to achieve cost effectiveness and improve the overall operational efficiency.

7. Discussion on financial performance with respect to operational performance.

The rapid growth in the electrical and construction industry where there is high demand for our products has helped to increase the turnover of the Company. The Company is hopeful of encashing on this opportunity.

8. Cautionary statement:

As stated earlier statements in the management discussion and analysis report are in accordance with the Company's objectives, projections, estimates and expectations and may be "forward looking statements" within the meaning of applicable securities laws and regulations. Actual results could differ materially from those expressed or implied and changes in Government regulations, tax laws and other statutes may affect the working of the Company.

9. Information on non-mandatory requirements

- The Company has not issued any GDR/ADR/Warrants or any convertible instruments.
- The Company is not maintaining a separate office for the Chairman.
- Unpaid Dividends up to and inclusive of 2009-2010 have been deposited in the Investor Education and Protection Fund as required under the relevant provisions.

INDEPENDENT AUDITOR'S REPORT

To The Members of **The Western India Plywoods Limited**

Report on standalone Indian Accounting Standards (Ind AS) Financial Statements

We have audited the accompanying standalone Ind AS financial statements of **THE WESTERN INDIA PLYWOODS LIMITED** ("the Company") which comprise the Balance Sheet as at 31st March 2018, the Statement of Profit and Loss (including other comprehensive income), the statement of Cash Flows and the statement of changes in equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the standalone Ind AS Financial Statements

Company's Board of Directors are responsible for the matters stated in section 134(5) of the companies Act, 2013 ("the Act") with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, Financial Performance including other comprehensive income, Cash Flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with rules issued thereunder. This responsibility also includes maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding the assets of the company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial control that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Ind AS financial statements that give true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these standalone Ind AS financial statements based on our audit.

While conducting the audit, we have taken into account the provisions of the Act and the Rules made thereunder including the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit of standalone Ind AS financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the standalone Ind AS financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the standalone Ind AS financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS Financial Statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Ind AS, of the state of affairs of the Company as at 31st March 2018, and its Profit (including other comprehensive income), its Cash Flows and the changes in equity for the year ended on that date.

Emphasis of matter

We draw attention to Note No 4.02 to the standalone Ind AS financial statements which states that, In view of the business plan of the subsidiary company M/s Mayabandar Doors Limited, which is expected to bring in positive cash flows in the near future and the estimated realisable value of the assets at the unit based on the independent valuer, the management is of the opinion that no diminution in the value of investment in Subsidiary company is anticipated at this stage.

Our opinion is not modified in respect of this matter.

Other Matters

The comparative financial information of the Company for the year ended 31st March 2017 and the transition date opening balance sheet as at 1st April 2016 included in these standalone Ind AS financial statements, are based on the previously issued statutory financial statements prepared in accordance with the Companies (Accounting Standards) Rules, 2006 audited by the predecessor auditors whose report for the year ended 31st March 2017 and 31st March 2016 dated 27th May, 2017 and 25th May, 2016 respectively expressed an unmodified opinion on those standalone financial statements, as adjusted for the differences in the accounting principles adopted by the Company on transition to Ind AS, which have been audited by us.

Our opinion is not modified in respect of this matter.

“ANNEXURE B” REFERRED TO IN PARAGRAPH 2 (f) UNDER THE HEADING “REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS” OF OUR INDEPENDENT AUDITORS REPORT OF EVEN DATE ON THE STANDALONE INDIAN ACCOUNTING STANDARDS [IND AS] FINANCIAL STATEMENTS OF THE WESTERN INDIA PLYWOODS LIMITED FOR THE YEAR ENDED 31ST MARCH 2018

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls system with reference to financial statements reporting of **THE WESTERN INDIA PLYWOOD LIMITED** (“the Company”) as of 31st March 2018 in conjunction with our audit of the Standalone Ind AS financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal controls with reference to financial statements reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls system with reference to financial statements reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls system with reference to financial statements reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements reporting and their operating effectiveness. Our audit of internal financial controls system with reference to financial statements reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system with reference to financial statements reporting.

Meaning of Internal Financial Controls with reference to Financial statements Reporting

A company's internal financial control system with reference to financial statement reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls system with reference to financial statement reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to Financial Statements reporting

Because of the inherent limitations of internal financial controls system with reference to financial statements reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls system with reference to financial statements reporting to future periods are subject to the risk that the internal financial controls system with reference to financial statements reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls systems with reference to financial statements reporting and such internal financial controls system with reference to financial statements reporting were operating effectively as at 31st March 2018, based on the internal control with reference to financial statements reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO FINANCIAL STATEMENT

1. Corporate Information

The Western India Plywood Ltd ('the Company' or 'the Parent') is a limited company incorporated in India. The Company is a manufacturer of Wood based products including Hardboard, Plywood, and Compreg and has manufacturing facility at Kannur, Kerala. The Company caters to both domestic and international markets and has depots and dealer networks across India. The Registered office of the Company is located at Mill Road, Baliapatam, Kannur, Kerala-670010. The Company is listed on National Stock Exchange (NSE), Mumbai

2. Significant accounting policies

The significant accounting policies applied by the Company in the preparation of its financial statements are listed below. Such accounting policies have been applied consistently to all the periods presented in these financial statements and in preparing the opening Ind AS Balance Sheet as at April 1, 2016 for the purpose of transition to Ind AS, unless otherwise indicated.

(a) Statement of compliance

In accordance with the notification issued by the Ministry of Corporate Affairs, the Company has adopted Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 notified under Section 133 of the Companies Act, 2013. The transition from Previous GAAP to Ind AS has been accounted for in accordance with Ind AS 101 "First Time Adoption of Indian Accounting Standards", with April 1, 2016 being the transition date.

Up to the year ended 31st March, 2017, the Company prepared its financial statements in accordance with the requirements of previous Generally Accepted Accounting Principles (GAAP), which includes Standards notified under the Companies (Accounting Standards) Rules, 2006. These are the Company's first Ind AS financial statements. The date of transition to Ind AS is 1st April, 2016. In accordance with Ind AS 101 "First time adoption of Indian Accounting Standard", the Company has presented a reconciliation from the presentation of financial statements under accounting standards notified under the Companies (Accounting Standards) Rules, 2006 ("Previous GAAP") to Ind AS. Details of the exceptions and optional exemptions availed by the Company and principal adjustments along with related reconciliations are detailed in Note 42 (First-time Adoption).

(b) Basis of preparation of Financial Statement

Financial statements have been prepared and presented under the historical cost convention, on the accrual basis of accounting except for certain financial assets and financial liabilities that are measured at fair value at the end of each reporting period, as stated in the accounting policies set out below. The accounting policies have been applied consistently over all the periods presented in these financial statements.

The financial statements are presented in Indian Rupees, which is the functional currency of the company and the currency of the primary economic environment in which the company operates.

(c) Use of Estimates and Judgements :

In preparation of the financial statements, the Company makes judgements, estimates and assumptions about the carrying values of assets and liabilities that are not readily apparent from other sources. The estimates and the associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

These estimates and the underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

Significant judgements and estimates relating to the carrying values of assets and liabilities include useful lives of property, plant and equipment, impairment of property, plant and equipment and investments, provision for employee benefits, income tax and other provisions, recoverability commitments and contingencies.

(d) Current / Non Current Classification :

Any asset or liability is classified as current if it satisfies any of the following conditions:

- i. the asset/liability is expected to be realized/settled in the Company's normal operating cycle;
- ii. the asset is intended for sale or consumption;
- iii. the asset/liability is held primarily for the purpose of trading;
- iv. the asset/liability is expected to be realized/settled within twelve months after the reporting period;
- v. the asset is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date;
- vi. in the case of a liability, the Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date.

All other assets and liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities

All the assets and liabilities have been classified as current and non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the company has ascertained its operating cycle as 12 months for the purpose of current- noncurrent classification of assets and liabilities.

(e) Fair Value

The Company measures financial instruments at fair value in accordance with the accounting policies mentioned above. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy that categorizes into three levels, described as follows, the inputs to valuation techniques used to measure value. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 inputs) and the lowest priority to unobservable inputs (Level 3 inputs).

Level 1 — quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 — inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly

Level 3 — inputs that are unobservable for the asset or liability

For assets and liabilities that are recognized in the financial statements at fair value on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization at the end of each reporting period and discloses the same.

(f) Property, plant and equipment – Tangible Assets

Recognition and measurement:

Freehold land is stated at historical cost. All other items of property, plant and equipment is stated at historical cost less accumulated depreciation and accumulated impairment losses if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All up gradation / enhancements are charged off as revenue expenditure unless they bring similar significant additional benefits. An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the Statement of Profit and Loss. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Capital work in progress and Capital advances:

Cost of assets not ready for intended use, as on the Balance Sheet date, is shown as capital work in progress. Advances given towards acquisition of fixed assets outstanding at each Balance Sheet date are disclosed as Other Non-Current Assets.

Depreciation

Depreciation of these assets commences when the assets are ready for their intended use which is generally on commissioning. Items of property, plant and equipment are depreciated in a manner that amortizes the cost (or other amount substituted for cost) of the assets after commissioning, less its residual value, over their useful lives as specified in Schedule II of the Companies Act, 2013 on a straight line basis. Land is not depreciated.

Transition to Ind AS

On transition to Ind AS, the company has elected to continue with the carrying value of all its property, plant and equipment recognised as at April 01, 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of property, plant and equipment.

(g) Impairment of Non financial assets

At each reporting date, the company assesses whether there is any indication that an asset may be impaired, based on internal or external factors. If any such indication exists, the company estimates the recoverable amount of the asset or the cash generating unit. If such recoverable amount of the asset or cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognised in the statement of profit and loss. If, at the reporting date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount. Impairment losses previously recognised are accordingly reversed in the statement of profit and loss.

(h) Financial Instruments

1) Recognition and Initial measurement

Financial assets and financial liabilities are recognised when the company becomes a party to the contractual provisions of the instrument. Financial assets and financial liabilities are initially measured at fair value. Transaction costs in relation to financial assets and financial liabilities, other than those carried at fair value through profit or loss (FVTPL), are adjusted to the fair value. Transaction costs in relation to financial assets and financial liabilities which are carried at fair value through profit or loss (FVTPL), are charged to the statement of profit and loss.

2) Classification and subsequent measurement of financial assets

i) Debt Instruments

For the purpose of subsequent measurement, financial assets in the nature of debt instruments are classified as follows:

Amortised cost - Financial assets that are held within a business model whose objective is to hold the asset in order to collect contractual cash flows that are solely payments of principal and interest are subsequently measured at amortised cost less impairments, if any. Interest income calculated using effective interest rate (EIR) method and impairment loss, if any are recognised in the statement of profit and loss.

Fair value through other comprehensive income (FVOCI) - Financial assets that are held within a business model whose objective is achieved by both holding the asset in order to collect contractual cash flows that are solely payments of principal and interest and by selling the financial assets, are subsequently measured at fair value through other comprehensive income. Changes in fair value are recognized in the other comprehensive income (OCI) and on derecognition, cumulative gain or loss previously recognised in OCI is reclassified to the statement of profit and loss. Interest income calculated using EIR method and impairment loss, if any are recognised in the statement of profit and loss.

Fair value through profit or loss (FVTPL) - A financial asset which is not classified in any of the above categories are subsequently measured at fair value through profit or loss. Changes in fair value and income on these assets are recognised in the statement of profit and loss.

ii) Equity Instruments

The Company has made investment in equity instruments that are initially measured at fair value. These investment are strategic in nature and held on a long-term basis. Accordingly, the company has elected irrevocable option to measure such investments at FVOCI. The Company makes such election on an instrument-by-instrument basis. Pursuant to such irrevocable option, changes in fair value are recognised in the OCI and is subsequently not reclassified to the statement of profit and loss.

3) Classification and subsequent measurement of financial liabilities

For the purpose of subsequent measurement, financial liabilities are classified as follows:

Amortised cost - Financial liabilities are classified as financial liabilities at amortised cost by default. Interest expense calculated using EIR method is recognised in the statement of profit and loss.

Fair value through profit or loss (FVTPL) - Financial liabilities are classified as FVTPL if it is held for trading, or is designated as such on initial recognition. Changes in fair value and interest expense on these liabilities are recognised in the statement of profit and loss.

4) De recognition of financial assets and financial liabilities

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows including risks and rewards of ownership. A financial liability is derecognised when the obligation under the liability is discharged or expires.

5) Impairment of financial assets

Financial assets that are carried at amortised cost and fair value through other comprehensive income (FVOCI) are assessed for possible impairments on the basis expected credit losses taking into account the past history of recovery, risk of default of the counterparty, existing market conditions etc. The impairment methodology applied depends on whether there has been a significant increase in credit risk since initial recognition.

For Trade receivables, the Company provides for expected credit losses based on a simplified approach as per Ind AS 109 - Financial Instruments. Under this approach, expected credit losses are computed on the basis of probability of defaults over the lifetime of the asset.

As a practical expedient, the Company uses a provision matrix to measure lifetime ECL on its portfolio of trade receivables. The provision matrix is prepared based on historically observed default rates over the expected life of trade receivables and is adjusted for forward-looking estimates. At each reporting date, the historically observed default rates and changes in the forward-looking estimates are updated.

6) Offsetting Financial Instruments

Financial assets and liabilities are offset and the net amount is included in the Balance Sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

(i) Investment in Subsidiaries :

Investments in subsidiaries are carried at cost. The cost comprises price paid to acquire investment and directly attributable cost. For transition to Ind AS, the Company has elected to continue with the carrying value of its investment in subsidiaries recognised as at 1st April, 2016 (transition date) measured as per the previously applicable Indian GAAP and use that carrying value as its deemed cost as at transition date.

(j) Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, cheques and drafts on hand including remittances in transit, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less, that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. Bank overdrafts are shown within borrowings in current financial liabilities in the balance sheet.

(k) Inventories

Inventories are carried at the lower of cost and net realizable value. However, materials and other items held for use in production of inventories are not written down below cost if the finished goods in which they will be incorporated are expected to be sold at or above cost. The comparison of cost and net realizable value is made on an item-by item basis.

In determining the cost of inventories, weighted average cost method is used. Cost of inventory comprises all costs of purchase, duties, taxes (other than those subsequently recoverable from tax authorities) and all other costs incurred in bringing the inventory to their present location and condition. Cost of manufactured inventories comprises of the direct cost of production and appropriate overheads. The net realisable value of bought out inventories is taken at the current replacement value.

(l) Employee benefits

Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

Defined Contribution Plan

The company has defined contribution plan for employees comprising of Provident Fund and Employee State Insurance. The contributions paid/payable to these plans during the year are charged to the statement of Profit and Loss for the year. Such benefits are classified as Defined Contribution Schemes as the Company does not carry any further obligations, apart from the contributions made on a monthly basis.

Defined Benefit Plans

Payment of Gratuity to employees is covered by the Group Gratuity cum Assurance Scheme of LIC of India, which is a defined benefit scheme and the company makes contribution under the said scheme. The net present value of the obligation for gratuity benefits as determined on independent actuarial valuation, conducted annually using the projected unit credit method, as adjusted for unrecognized past services cost if any and as reduced by the fair value of plan assets, is recognized in the accounts. Service cost and net interest expense or income is reflected in the Statement of Profit and Loss. Gain or Loss on account of re measurements is recognized immediately through Other Comprehensive Income in the period in which they occur.

Other Long Term Employee Benefits

The company has a scheme for compensated absences for employee, the liability of which is determined on independent actuarial valuation, conducted annually using the projected unit credit method. Actuarial gain and losses are recognized in full in the Statement of Profit and Loss for the period in which they occur. Accumulated compensated absences, which are expected to be availed or en cashed within 12 months from the end of the year are treated as short term employee benefits.

(m) Provisions and Contingent liabilities

Provisions

Provisions are recognised when, as a result of a past event, the Company has a legal or constructive obligation; it is probable that an outflow of resources will be required to settle the obligation; and the amount can be reliably estimated. The amount so recognised is a best estimate of the consideration required to settle the obligation at the reporting date, taking into account the risks and uncertainties surrounding the obligation. In an event when the time value of money is material, the provision is carried at the present value of the cash flows estimated to settle the obligation by discounting at a pre-tax rate that reflects current market assessments of the time value of money and the risk specific to the liability.

Contingent Liabilities

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

Contingent Assets

Contingent assets are neither recognised nor disclosed in the financial statements. However, when the realisation of income is virtually certain, then the related asset is not a contingent asset and is recognised.

(n) Revenue recognition

Sales are recognized on transfer of title of the goods (Significant risk and reward of ownership) to the respective parties and are inclusive of Excise Duty but exclusive of Sales tax and Value Added Tax. Post June 30, 2017 excise duty has been subsumed to Goods and Service Tax (GST) and hence the same is not received by the company on its own account, rather it is tax collected on commodity by the seller on behalf of the government. Accordingly, it is excluded from revenue.

Revenue from rendering of services is recognized when the performance of agreed contractual task has been completed.

Export incentives are recognized on accrual basis, (except when there are significant uncertainties) based on estimated realizable value of such settlements.

Other income is recognized on accrual basis, (except when there are significant uncertainties).

Dividend income is recognized when the right to receive payment is established, which is generally when shareholders approve the dividend. Interest income is recognised in the Statement of Profit and Loss using the effective interest method.

(o) Borrowing cost

Borrowing costs directly attributable to the acquisition, construction or production of an asset that takes substantial period of time to get ready for their intended use, are capitalized. Other borrowing costs are recognized as expenditure for the period in which they are incurred.

(p) Income tax

The income tax expense comprises of current and deferred income tax. Income tax is recognised in the statement of profit and loss, except to the extent that it relates to items recognised in the other comprehensive income or directly in equity, in which case the related income tax is also recognised accordingly.

a. Current tax

Current tax in the Statement of Profit and Loss is provided as the amount of tax payable in respect of taxable income for the period using tax rates and tax laws enacted during the period, together with any adjustment to tax payable in respect of previous years. The payment made in excess / (shortfall) of the Company's income tax obligation for the period are recognised in the balance sheet as current tax assets / liabilities.

b. Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities and the amounts used for taxation purposes (tax base), at the tax rates and tax laws enacted or substantively enacted by the end of the reporting period.

Deferred tax assets are recognised only to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilised.

Deferred tax assets are recognised for the future tax consequences to the extent it is probable that future taxable profits will be available against which the deductible temporary differences can be utilised.

Deferred tax assets and liabilities are offset when there is legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances related to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on net basis, or to realize the asset and settle the liability simultaneously.

(q) Foreign Currency translation

The functional and presentation currency of the Company is Indian Rupee. In preparing the financial statements of the Company, on initial recognition transactions in foreign currencies, other than the Company's functional currency are recognised at the rates of exchange prevailing at the dates of the transactions. Exchange difference arising on foreign exchange transactions settled during the year is recognised in the statement of profit and loss.

At the end of each reporting period, monetary assets and liabilities denominated in foreign currencies are translated at the rate prevailing at that date. The exchange gain/loss arising during the year is recognised in the Statement of Profit and Loss.

The non-monetary items that are measured at Historical cost in a foreign currency are translated using the exchange rate at the date of the transaction.

(r) Leases

At the inception of a lease, the lease arrangement is classified as either a finance lease or an operating lease, based on the substance of the lease arrangement.

Assets taken on finance lease

A finance lease is recognized as an asset and a liability at the commencement of the lease, at the lower of the fair value of the asset and the present value of the minimum lease payments.

Assets taken on operating lease

Leases other than finance leases are operating leases, and the leased assets are not recognized on the Company's balance sheet. Payments made under operating leases are recognized in the Statement of Profit and Loss on a straight-line basis over the term of the lease.

(s) Earnings per share

Basic earnings per share is computed by dividing the net profit for the period attributable to the equity shareholders of the Company by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

(t) Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The company is engaged in the business of manufacture and sale of wood based products, which form broadly part of one product group and hence constitute a single business segment.

(u) Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit / (loss) after tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

4.01. For details of classification of financial asset and fair value hierarchy Refer Note No 37

4.02. In view of the business plan of the subsidiary company M/s Mayabandar Doors Limited, which is expected to bring in positive cash flows in the near future and the estimated realisable value of the assets at the unit based on the independent valuer, the management is of the opinion that no diminution in the value of investment in Subsidiary company is anticipated at this stage.

4.03. The company had entered into an agreement with M/s Era Intermerge SDN BHD in an earlier year for setting up a Joint Venture entity (ERA & WIP Timber JV SDN BHD) in Malaysia as per which the company would have 45% share in ownership and voting in the JV. Pending completion of certain formalities in Malaysia, the joint Venture M/s ERA intermerge SDN BHD has been unable to make their agreed share of investment, as a result of which the shareholding of the company in the entity as at 31st March 2018 is 65.87% (As at 31st March, 2017 - 65.87% and As at 31st March, 2016 -65.87%). Accordingly the entity, ERA & WIP Timber JV SDN BHD has been treated as a subsidiary in the books of account of the company and disclosure under IND-AS 28 are not applicable at this stage.

37 Financial Instruments:
37.01 Capital Management :

The Company manages its capital to ensure that the Company will be able to continue as a going concern and maximising the return to stakeholders through efficient allocation of capital towards expansion of business, optimisation of working capital requirements and deployment of surplus funds into various investment options. The funding requirement is met through equity, internal accruals, long term borrowings and short term borrowings.

The Company monitors the capital structure on the basis of net debt to equity ratio and maturity profile of the overall debt portfolio of the Company. Net debt includes interest bearing borrowings less cash and cash equivalents and other bank balances.

The table below summarises the capital, net debt and net debt to equity ratio of the Company

37.04 Financial risk management objectives and policies :

The Company's business activities are exposed to a variety of financial risks, namely liquidity risk, market risks foreign currency risk and credit risk. The Company's senior management has the overall responsibility for establishing and governing the Company's risk management framework. Company's exposure to each of the above risks, the Company's objectives, policies and processes for measuring and managing risk are as follows -

a) Liquidity risk :

Liquidity risk represents the inability of the Company to meet its financial obligations within stipulated time. The Company manages liquidity risk by maintaining adequate reserves and banking facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments

b) Market risk

Market risk is the risk of any loss in future earnings, in realisable fair values or in future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in foreign currency exchange rates, interest rates and equity price fluctuations, liquidity and other market changes. Future specific market movements cannot be normally predicted with reasonable accuracy.

1) Foreign currency exchange rate risk

The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. The Company regularly evaluates exchange rate exposure arising from foreign currency transactions. The Company follows the established risk management policies and standard operating procedures.

i) The Company's exposure to unhedged foreign currency risk as at 31 March 2018, 31 March 2017 and 1 April 2016 are as follows.

INR/GBP	-	-	545	(545)
INR/EURO	(3,795)	3,795	384	(384)

2) Interest rate risk :

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in prevailing market interest rates. The Company's exposure to the risk due to changes in interest rates relates primarily to the Company's long term borrowings and short-term borrowings with floating interest rates. The Company constantly monitors its financing strategies to achieve an optimal financing cost.

i) Interest rate risk exposure

The exposure of the Company's borrowing to interest rate changes at the end of the reporting period are as follows:

Particulars	As at 31.03.18	As at 31.03.17	As at 01.04.2016
Variable rate borrowings	30,22,61,857	30,14,58,302	30,43,89,920
Fixed rate borrowings	22,99,348	2,29,12,102	2,38,26,561
TOTAL	30,45,61,205	32,43,70,404	32,82,16,481

ii) Sensitivity Analysis

For floating rate liabilities, the analysis is prepared assuming the amount of the liability outstanding at the end of the reporting period was outstanding for the whole year, holding all other variables constant.

Particulars	Impact on Profit before tax	
	As at 31.03.18	As at 31.03.17
Interest rate increase by 1 %	(28,35,616)	(29,77,319)
Interest rate decrease by 1 %	28,35,616	29,77,319

3) Equity price risk :

The Company is exposed to equity price risk arising from Equity Investments (other than Subsidiaries, which are carried at cost). The fair value of equity investments classified through other comprehensive income as at March 31, 2018, March 31, 2017 and April 1, 2016, was Rs 52,41,172/- and Rs 41,03,113/- and Rs 32,03,797/- respectively.

Sensitivity Analysis :

The Sensitivity analysis has been determined based on the exposure to equity price risk at the end of the reporting period. A 10% change in equity prices of such securities held as at March 31, 2018, March 31, 2017 and April 1, 2016, would result in an impact of Rs 5,24,117 /-, Rs 4,10,311 /- and Rs 3,20,380 /- respectively on equity before considering tax impact.

c) Credit risk :

Credit risk refers to the risk that a counter party will default on its contractual obligations resulting in financial loss to the Company. The company is exposed to credit risk from its operating activities predominantly trade receivables, including deposits with banks and financial institutions, foreign exchange transactions, loans and other financial assets. For these financial instruments, company generally doesn't have collateral.

a) Trade Receivables

Customer and vendor credit risk is managed by business through the Company's established policy, procedure and control relating to credit risk management. Outstanding customer receivables are regularly monitored. An impairment analysis is performed for all major customers at each reporting date on an individual basis. The impairment calculations are based on historical data. Trade Receivables generally having a credit period of 30 to 90 days. There is no material expected credit loss based on the past experience. However, the Company assesses the impairment of trade receivables on case to case basis and has accordingly created loss allowance.

b) Other financial assets

With regard to all the financial assets with contractual cashflows other than trade receivable, management believes these are quality assets with negligible credit risk. However, the Company assesses the impairment loss on loans, investments and other financial assets on case to case basis and has accordingly created loss allowance.

c) Allowance for trade receivables, loans, investments and other financial assets

42. First time adoption of Ind AS

The Company has adopted Ind AS w.e.f 1 April 2017 with a transition date of 1 April 2016. Accordingly, financial statements for the year ended 31 March 2018 together with the comparative information for the year ended 31 March 2017 and opening Ind AS balance sheet as at 1 April 2016 have been prepared in accordance with accounting policies as set out in Note 2 - "Significant accounting policies". The Company has adjusted the amounts reported previously in financial statements prepared in accordance with the accounting standards notified under Companies (Accounting Standards) Rules, 2006 (as amended) and other relevant provisions of the Act (previous GAAP or Indian GAAP).

This note explains the principal adjustments made by the Company in restating its financial statements prepared under Previous GAAP for the following -

A. Exemptions availed

The Company has availed the following optional exemptions and mandatory exemptions in the transition from previous GAAP to Ind AS.

(i) Ind AS optional exemptions

Ind AS 101 "First time Adoption of Indian Accounting Standards" permits Companies adopting Ind AS for the first time to take certain exemptions. The Company has accordingly on transition to Ind AS availed the following key exemptions:

Deemed cost

The company has elected to continue with the carrying value of its property, plant and equipment and intangible assets recognized as on April 1 2016 (transition date) measured as per the previous GAAP an use that carrying value as its deemed cost as on the transition date.

Investment in Equity Shares

The Company has opted to measure equity investments at fair value, through other comprehensive income (FVOCI) based on the facts and circumstances existing at the date of transition to Ind AS rather than at initial recognition.

Investment in subsidiaries

Ind AS 101 First-time Adoption of Indian Accounting Standards, permits a first-time adopter to elect to continue with the carrying value for investments in Subsidiaries as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition. Accordingly, the Company has elected to measure its investments in Subsidiary Enterprise in the standalone financial statements at their previous GAAP carrying value.

(ii) Ind AS mandatory exceptions

The Company has applied the following exceptions to the retrospective application of Ind AS mandatorily under Ind AS 101 "First Time Adoption of Indian Accounting Standards".

Estimates

In accordance with Ind AS, as at the date of transition to Ind AS an entity's estimates shall be consistent with the estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective evidence that those estimates were in error.

Ind AS estimates as at 1 April 2016 are consistent with the estimates as at the same date made in conformity with previous GAAP except impairment of financial assets based on expected credit loss model in accordance with Ind AS at the date of transition this was not required under the previous GAAP.

Classification and measurement of financial assets

Company has classified the financial assets in accordance with Ind AS 109 on the basis of facts and circumstances that exist at the date of transition to Ind AS.

De-recognition of financial assets and financial liabilities

Ind AS 101 First-time Adoption of Indian Accounting Standards, requires a first-time adopter to apply the de-recognition provisions of Ind AS 109, Financial Instruments, prospectively for transactions occurring on or after the date of transition to Ind AS.

Previous GAAP Figures have been reclassified / regrouped wherever necessary to confirm with the financial statements prepared under Ind AS.

C. Foot Notes to First Time adoption of IND AS
1. Property, Plant & Equipment

Ind AS 101 permits a first-time adopter to elect to continue with the carrying value for all of its property, plant and equipment as recognized in the financial statements as per the previous GAAP and use that as its deemed cost as at the date of transition. Accordingly, the Company has elected to measure all its property, plant and equipment at their previous GAAP carrying value.

2. Fair valuation of investments

Under the Previous GAAP, the Company accounted for long term investments in equity shares as investment measured at cost less provision for other than temporary diminution in the value of investments. Under Ind AS, the Company has designated such investments as Fair Value through Other Comprehensive Income (FVTOCI). Ind AS requires FVTOCI investments to be measured at fair value.

At the date of transition to Ind AS (1st April, 2016), difference between the instruments fair value and Indian GAAP carrying amount amounting to Rs 27.74 Lakhs has been recognised as a separate component of equity, in the Equity Instrument through Other Comprehensive Income reserve with corresponding adjustment to the carrying value of investments. The amount recognised in Other Comprehensive Income for the year ended 31.03.2017 is Rs 8.99 Lakhs.

Investments in preference shares have been measured at fair value through profit or loss (FVTPL) as against cost less diminution of other than temporary nature, if any, under the Previous GAAP.

3. Re-measurements of post-employment benefit obligations

In the financial statements prepared under Previous GAAP, re-measurement benefit of defined plans (gratuity), arising primarily due to change in actuarial assumptions was recognized as employee benefits expense in the Statement of Profit and Loss. Under Ind AS, such re-measurement benefits relating to defined benefit plans is recognized in Other Comprehensive Income as per the requirements of Ind AS 19 - Employee benefits. Consequently, the related tax effect of the same has also been recognised in Other Comprehensive Income.

For the year ended 31st March, 2017, re-measurement of gratuity liability resulted in a net expenses of Rs.49.78 Lakhs which has now been reclassified from employee benefits expense in the Statement of Profit and Loss and recognised separately in Other Comprehensive Income. Tax effect of the same amounting to Rs.16.46 Lakhs is also recognised separately in Other Comprehensive Income. The above changes do not affect Equity as at date of transition to Ind AS and as at 31st March, 2017.

4. Proposed Equity Dividend

Under Previous GAAP upto 1.4.2016, proposed dividend including dividend distribution tax (DDT), are recognized as liability in the period to which they relate, irrespective of when they are declared. Under Ind AS, proposed dividend is recognized as liability in the period in which it is declared by Company, usually when approved by shareholders in a general meeting or paid.

Therefore, the dividend liability (proposed dividend) including dividend distribution tax liability amounting to Rs.71.51 Lakhs upto 1.4.2016 has been derecognised in the retained earnings as on the date of transition.

Proposed dividend including dividend distribution tax liability amounting to Rs.71.51 Lakhs upto 1.4.2016 which was derecognised as on the transition date, has been recognised in retained earnings during the year ended 31st March, 2017 as declared and paid.

5. Preference Share Capital & Dividend

Under the previous GAAP, preference share capital grouped under Share Capital but under Ind AS, the same has been classified as "Borrowings" under Liabilities. Accordingly, adjustments have been made in Equity and Borrowings in Balance sheet.

Under the previous GAAP, dividends on preference shares have been adjusted from retained earnings in financial statements. Under Ind AS, such dividends are recognised as finance cost expense in Profit and Loss statement. Accordingly, adjustments have been made in retained earnings and Profit and Loss statement.

Preference dividend recognised as borrowing cost during the FY 2016-17 amounting to Rs 13,72,104 /-.

6. Excise duty

Under the Previous GAAP, revenue from sale of goods was presented net of excise duty whereas under Ind AS the revenue from sale of goods is presented inclusive of excise duty. Accordingly, the excise duty has been included in revenue and other expenses respectively. This change has resulted in an increase in total revenue and total expenses for the Year ended March 31 2017 by Rs 8,41,40,307 /-. There is no impact on the total equity and profit.

7. Other comprehensive income

Under Ind AS, all items of income and expense recognized in a period should be included in profit or loss for the period, unless a standard requires or permits otherwise. Items of income and expenses that are not recognized in profit or loss, but shown in the statement of profit and loss as 'other comprehensive income', includes remeasurements of defined benefit plans and change in fair value of equity instruments. The concept of other comprehensive income did not exist under the previous GAAP.

8. Other Equity

Adjustments to retained earnings as at 1 April 2016 and 31 March 2017 have been adjusted consequent to the above Ind AS transition adjustments.

9. Deferred tax

Under the Previous GAAP, deferred tax was accounted using the income statement approach, on the timing differences between the taxable profit and accounting profits for the period. Under Ind AS 12, Income Tax, deferred taxes are recognized following the balance sheet approach on the temporary differences between the carrying amount of asset or liability in the balance sheet and its tax base.

10. Ind AS Presentation

In the preparation of these Ind-AS Financial Statements, Company has made several presentation differences between previous GAAP and Ind-AS. These differences have no impact on reported profit or total equity. Accordingly, some assets and liabilities have been reclassified into another line item under Ind-AS at the date of transition. Further, in these Financial Statement, some line items as described differently under Ind-AS compared to previous GAAP although the assets and liabilities included in these line items are unaffected.

43 Previous GAAP figures have been reclassified to confirm to Ind AS presentation requirements. Figures have been rounded off to the nearest Rupee.

Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Consolidated Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the Consolidated Ind AS financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Consolidated Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the Consolidated Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Directors, as well as evaluating the overall presentation of the Consolidated Ind AS financial statements.

We believe that the audit evidence we have obtained by us and audit evidence obtained by other auditors in terms of their reports referred to in Other Matters paragraphs below, is sufficient and appropriate to provide a basis for our audit opinion on the Consolidated Ind AS Financial Statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of report of other auditors on separate financial statements and other financial information of the Subsidiaries, the aforesaid Consolidated Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Ind AS, of the consolidated state of affairs of the Group as at March 31st, 2018, their Consolidated Profit (including other comprehensive income), its Consolidated Cash Flows and the Consolidated Statements of Changes in Equity for the year ended on that date.

Emphasis of matter

We draw attention to Note No 3.03 to the Consolidated Ind AS financial statements which states that, in view of the business plans of the subsidiary company, M/s Mayabandar Doors Limited, which is expected to bring in positive cash flows in the near future and the estimated realizable value of the assets at the Unit based on the Independent Valuer the management is of the opinion that no Impairment in value of Fixed assets of the Subsidiary Company within the meaning of Ind AS 36 - Impairment of Assets is anticipated at this stage.

Other Matters

The Holding Company had prepared separate sets of consolidated financial statements for the year ended 31 March 2017 and 31 March 2016 in accordance with Accounting Standards prescribed under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 (as amended), which were audited by the predecessor auditor whose reports dated 27 May 2017 and 25 May 2016 respectively expressed unmodified opinion on those consolidated financial statements. These separate sets of consolidated financial statements have been adjusted for the differences in the accounting principles adopted by the Company on transition to Ind AS, which have been audited by us. Our opinion is not modified in respect of this matter.

We did not audit the financial statements/financial information of the Indian subsidiaries - M/s Southern Veneers and Woodworks Limited and M/s Mayabandar Doors Limited and The Kohinoor Saw Mill Company Ltd. and Foreign subsidiary - M/s ERA & WIP Timber JV SDN BHD, Whose financial statements reflects total assets of Rs. 807.27 Lakhs and net asset of Rs 649.83 Lakhs as at March 31st 2018, Total revenue of RS. 1033.12 Lakhs and net cash outflows amounting to Rs. 17.90 Lakhs (for the year ended on that date, as considered in the Consolidated Ind AS Financial Statements. These financial statements/financial Information have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the Consolidated Ind AS Financial Statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of sub-section (3) of section 143 of the Act, in so far as it relates to the aforesaid subsidiaries, is based solely on the reports of the other auditors.

One of the subsidiaries M/s ERA & WIP Timber JV SDN BHD is located outside India whose financial statements & other financial information have been prepared in accordance with the accounting principles generally accepted in its respective country and which has been audited by other auditor under generally accepted auditing standards applicable in its respective country. The Company's management has converted the financial statements of such subsidiary located outside India from accounting principles generally accepted in its respective country to accounting principles generally accepted in India. We have audited these conversion adjustments made by the Company's Management. Our opinion in so far as it relates to the balances and affairs of such subsidiary located outside India is based on the report of the other auditor and conversion adjustments prepared by the management of the Company and audited by us.

Our opinion above on the Consolidated Financial Statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements/financial information certified by the Management.

Report on Other Legal and Regulatory Requirements

1. As required by section 143 (3) of the Act, based on our audit and the other financial information of the subsidiaries, having regard to the observations stated under other matters paragraphs above, we report, to the extent applicable, that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid Consolidated Ind AS financial statements;
 - b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid Consolidated Ind AS Financial Statement have been kept by the Company so far as appears from our examination of those books;
 - c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including other comprehensive income), the Consolidated statement of Cash Flows and the Consolidated statement of changes in equity dealt with by this report are in agreement with relevant books of accounts maintained for the preparation of the Consolidated Ind AS Financial Statement.
 - d) In our opinion, the aforesaid Consolidated Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Companies Act, 2013 read with relevant rule issued thereunder;
 - e) On the basis of written representations received from the directors of the Holding Company as on March 31st, 2018, and taken on record by the Board of Directors of the Holding Company and the reports of the other statutory auditors of its subsidiary companies covered under the Act, none of the directors is disqualified as on March 31, 2018, from being appointed as a director in terms of sub section (2) of section 164 of the Companies Act 2013;
 - f) With respect to the adequacy of the internal financial control System with reference to financial statement reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "**Annexure A**"; and
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - (I) The Group does not have any pending litigations which would impact its financial position.
 - (II) The Group did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - (III) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company and its Subsidiary Company Covered under this Act.

“ANNEXURE A” REFERRED TO IN PARAGRAPH 1 (f) UNDER THE HEADING “REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS” OF OUR INDEPENDENT AUDITORS REPORT OF EVEN DATE ON THE CONSOLIDATED INDIAN ACCOUNTING STANDARDS [IND AS] FINANCIAL STATEMENTS OF THE WESTERN INDIA PLYWOODS LIMITED FOR THE YEAR ENDED 31ST MARCH 2018

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

In conjunction with our audit of the consolidated Ind AS financial statements of **THE WESTERN INDIA PLYWOOD LIMITED** (herein after referred to as “the Holding Company”) and its Subsidiaries (Holding Company and its Subsidiaries together referred to as “Group”) as at and for the year ended March 31, 2018 , we have audited the internal financial controls over financial reporting of holding company and its four subsidiaries, as on that date.

Management’s Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company and its subsidiaries are responsible for establishing and maintaining internal financial controls based on the internal controls with reference to financial statements reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls system with reference to financial statements reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls system with reference to financial statements reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements reporting and their operating effectiveness. Our audit of internal financial controls system with reference to financial statements reporting includes obtaining an understanding of internal financial control system with reference to financial statement reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of the reports referred to in Other Matter paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Group's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to Financial Statements Reporting

A company's internal financial control system with reference to financial statements Reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls system with reference to financial statement reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to Financial Statements Reporting

Because of the inherent limitations of internal financial controls system with reference to financial statements reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls system with reference to financial statements reporting to future periods are subject to the risk that the internal financial controls system with reference to financial statements reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company and its Subsidiary Company and based on the consideration of the report of other Auditor's of the subsidiaries, the Company has in all material respects, an adequate internal financial controls systems with reference to financial statements reporting and such internal financial controls system with reference to financial statements reporting were operating effectively as at 31 March 2018, based on the internal control with reference to financial statements reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our report under Section 143(3)(i) of the Act on the adequacy and the Operating effectiveness of Internal financial controls over financial reporting with reference to these Consolidated Financial Statements of the Holding Company, insofar as it relates to the subsidiary, is based on the corresponding reports of the auditors of such subsidiary. Our opinion is not modified in respect of this matter.

NOTES TO FINANCIAL STATEMENT

1. Corporate Information

The Western India Plywood Ltd ('the Company' or 'the Parent') is a limited company incorporated in India. The Company is a manufacturer of Wood based products including Hardboard, Plywood, and Compreg and has manufacturing facility at Kannur, Kerala. The Company caters to both domestic and international markets and has depots and dealer networks across India. The Registered office of the Company is located at Mill Road, Baliapatam, Kannur, Kerala-670010, and having three subsidiaries in India and one subsidiary in Malaysia. The Indian Subsidiaries are The Kohinoor Saw Mills Company Limited, Southern Veneers & Wood Works Limited and Mayabandar Doors Limited, and Malaysian Subsidiary is ERA & WIP Timber JV SDN BBHD. The Company is listed on National Stock Exchange (NSE), Mumbai.

2. Significant accounting policies

The significant accounting policies applied by the Company in the preparation of its Consolidated Financial Statements are listed below. Such accounting policies have been applied consistently to all the periods presented in these Consolidated Financial Statements and in preparing the opening Ind AS Balance Sheet as at April 1, 2016 for the purpose of transition to Ind AS, unless otherwise indicated. The consolidated financial statements include the consolidated Balance sheet, consolidated statement of Profit and loss, consolidated Cash flow statement and consolidated Statement of changes in equity of the company and its Subsidiaries (The company and its subsidiaries constitute "the Group").

(a) Statement of compliance

The Consolidated Financial Statements have been prepared in accordance with the Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 notified under Section 133 of the Companies Act, 2013.

Up to the year ended 31st March, 2017, the Company prepared its Consolidated Financial Statements in accordance with the requirements of previous Generally Accepted Accounting Principles ("Previous GAAP"), which includes Standards notified under the Companies (Accounting Standards) Rules, 2006. These are the Group's first consolidated financial statements prepared in accordance with Ind AS and the transition from Previous GAAP to Ind AS has been accounted for in accordance with Ind AS 101 "First Time Adoption of Indian Accounting Standards", with April 1, 2016 being the transition date. In accordance with Ind As 101 "First time adoption of Indian Accounting Standard", the Company has presented a reconciliation from the Previous GAAP to Ind AS. Details of the exceptions and optional exemptions availed by the Company and principal adjustments along with related reconciliations are detailed in Note 42 (First-time Adoption).

(b) Basis of preparation

Consolidated Financial Statements have been prepared and presented under the historical cost convention, on the accrual basis of accounting except for certain financial assets and financial liabilities that are measured at fair values at the end of each reporting period, as stated in the accounting policies set out below. These consolidated financial statements are prepared by applying uniform accounting policies in use at the Group and have been applied consistently over all the periods presented.

The Consolidated Financial Statements are presented in Indian Rupees, which is the functional currency of the company and the currency of the primary economic environment in which the company operates.

(c) Basis of Consolidation

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Group controls an investee if and only if the Group has:

- Power over the investee (ie, existing rights that give it the current ability to direct the relevant activities of the investee)
- Exposure, or rights, to variable returns from its involvement with the investee, and
- The ability to use its power over the investee to affect its returns.

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the Group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that Group member's financial statements in preparing the consolidated financial statements to ensure conformity with the Group's accounting policies.

Consolidation Procedure :

- Combine like items of assets, liabilities, equity, income, expenses and cash flows of the parent company with those of its subsidiaries.
- Offset (eliminate) the carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary. Business combinations policy follows for accounting of goodwill on consolidation.
- Eliminate in full intra group assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the group (profits or losses resulting from intra group transactions that are recognised in assets, such as inventory and fixed assets, are eliminated in full).
- Non-controlling interest represents the amount of equity not attributable, directly or indirectly, to the Company at the date on which investment in a subsidiary is made and its share of movements in equity since that date. Non-controlling interests in the results and equity of subsidiaries are shown separately in the Consolidated Statement of Profit and Loss, consolidated statement of changes in equity and Consolidated Balance Sheet respectively.
- Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies. All intra-Group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.
- If the Group loses control over a subsidiary, it:
 - Derecognises the assets (including goodwill) and liabilities of the subsidiary
 - Derecognises the carrying amount of any non-controlling interests
 - Derecognises the cumulative translation differences recorded in equity
 - Recognises the fair value of the consideration received
 - Recognises the fair value of any investment retained
 - Recognises any surplus or deficit in profit or loss
 - Reclassifies the parent's share of components previously recognised in OCI to profit or loss or retained earnings, as appropriate, as would be required if the Group had directly disposed of the related assets

(d) Use of Estimates and Judgements :

In preparation of the Consolidated Financial Statements, the Group makes judgements, estimates and assumptions about the carrying values of assets and liabilities that are not readily apparent from other sources. The estimates and the associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

These estimates and the underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

Significant judgements and estimates relating to the carrying values of assets and liabilities include useful lives of property, plant and equipment, impairment of property, plant and equipment and investments, provision for employee benefits, income tax and other provisions, recoverability commitments and contingencies.

(e) Current / Non Current Classification :

The Group presents assets and liabilities in the consolidated balance sheet based on current/ noncurrent classification. Any asset or liability is classified as current if it satisfies any of the following conditions:

- i. The asset/liability is expected to be realized/settled in the Group's normal operating cycle;
- ii. The asset is intended for sale or consumption;
- iii. The asset/liability is held primarily for the purpose of trading;
- iv. The asset/liability is expected to be realized/settled within twelve months after the reporting period;
- v. The asset is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date;
- vi. In the case of a liability, the Group does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date.

All other assets and liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities

All the assets and liabilities have been classified as current and non-current as per the Group's normal operating cycle and other criteria set out in the Schedule III to the Companies Act 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the company has ascertained its operating cycle as 12 months for the purpose of current- noncurrent classification of assets and liabilities.

(f) Fair Value

The management of the Group measures financial instruments at fair value in accordance with the accounting policies mentioned above. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy that categorizes into three levels, described as follows, the inputs to valuation techniques used to measure value. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 inputs) and the lowest priority to unobservable inputs (Level 3 inputs).

Level 1 — quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 — inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly

Level 3 — inputs that are unobservable for the asset or liability

For assets and liabilities that are recognized in the financial statements at fair value on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization at the end of each reporting period and discloses the same.

(g) Property, plant and equipment – Tangible Assets

Recognition and measurement:

Freehold land is stated at historical cost. All other items of property, plant and equipment is stated at historical cost less accumulated depreciation and accumulated impairment losses if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All up gradation / enhancements are charged off as revenue expenditure unless they bring similar significant additional benefits. An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the Statement of Profit and Loss. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Capital work in progress and Capital advances:

Cost of assets not ready for intended use, as on the Balance Sheet date, is shown as capital work in progress. Advances given towards acquisition of fixed assets outstanding at each Balance Sheet date are disclosed as Other Non-Current Assets.

Depreciation

Depreciation of these assets commences when the assets are ready for their intended use which is generally on commissioning. Items of property, plant and equipment are depreciated in a manner that amortizes the cost (or other amount substituted for cost) of the assets after commissioning, less its residual value, over their useful lives as specified in Schedule II of the Companies Act, 2013 on a straight line basis. Land is not depreciated.

Transition to Ind AS

On transition to Ind AS, the Group has elected to continue with the carrying value of all its property, plant and equipment recognised as at April 01, 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of property, plant and equipment.

(h) Impairment of Non financial assets

At each reporting date, the Group assesses whether there is any indication that an asset may be impaired, based on internal or external factors. If any such indication exists, the Group estimates the recoverable amount of the asset or the cash generating unit. If such recoverable amount of the asset or cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognised in the statement of profit and loss. If, at the reporting date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount. Impairment losses previously recognised are accordingly reversed in the statement of profit and loss.

(i) Financial Instruments

1) Recognition and Initial measurement

Financial assets and financial liabilities are recognised when the Group becomes a party to the contractual provisions of the instrument. Financial assets and financial liabilities are initially measured at fair value. Transaction costs in relation to financial assets and financial liabilities, other than those carried at fair value through profit or loss (FVTPL), are adjusted to the fair value. Transaction costs in relation to financial assets and financial liabilities which are carried at fair value through profit or loss (FVTPL), are charged to the statement of profit and loss.

2) Classification and subsequent measurement of financial assets

i) Debt Instruments

For the purpose of subsequent measurement, financial assets in the nature of debt instruments are classified as follows:

Amortised cost - Financial assets that are held within a business model whose objective is to hold the asset in order to collect contractual cash flows that are solely payments of principal and interest are subsequently measured at amortised cost less impairments, if any. Interest income calculated using effective interest rate (EIR) method and impairment loss, if any are recognised in the statement of profit and loss.

Fair value through other comprehensive income (FVOCI) - Financial assets that are held within a business model whose objective is achieved by both holding the asset in order to collect contractual cash flows that are solely payments of principal and interest and by selling the financial assets, are subsequently measured at fair value through other comprehensive income. Changes in fair value are recognized in the other comprehensive income (OCI) and on de-recognition, cumulative gain or loss previously recognised in OCI is reclassified to the statement of profit and loss. Interest income calculated using EIR method and impairment loss, if any are recognised in the statement of profit and loss.

Fair value through profit or loss (FVTPL) - A financial asset which is not classified in any of the above categories are subsequently measured at fair valued through profit or loss. Changes in fair value and income on these assets are recognised in the statement of profit and loss.

ii) Equity Instruments

The Company has made investment in equity instruments that are initially measured at fair value. These investment are strategic in nature and held on a long-term basis. Accordingly, the company has elected irrevocable option to measure such investments at FVOCI. The Company makes such election on an instrument-by-instrument basis. Pursuant to such irrevocable option, changes in fair value are recognised in the OCI and is subsequently not reclassified to the statement of profit and loss.

3) Classification and subsequent measurement of financial liabilities

For the purpose of subsequent measurement, financial liabilities are classified as follows:

Amortised cost - Financial liabilities are classified as financial liabilities at amortised cost by default. Interest expense calculated using EIR method is recognised in the statement of profit and loss.

Fair value through profit or loss (FVTPL) - Financial liabilities are classified as FVTPL if it is held for trading, or is designated as such on initial recognition. Changes in fair value and interest expense on these liabilities are recognised in the statement of profit and loss.

4) De recognition of financial assets and financial liabilities

The Group derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows including risks and rewards of ownership. A financial liability is derecognised when the obligation under the liability is discharged or expires.

5) Impairment of financial assets

Financial assets that are carried at amortised cost and fair value through other comprehensive income (FVOCI) are assessed for possible impairments basis expected credit losses taking into account the past history of recovery, risk of default of the counterparty, existing market conditions etc. The impairment methodology applied depends on whether there has been a significant increase in credit risk since initial recognition.

For Trade receivables, the Group provides for expected credit losses based on a simplified approach as per Ind AS 109 – Financial Instruments. Under this approach, expected credit losses are computed on the basis of probability of defaults over the lifetime of the asset.

As a practical expedient, the Group uses a provision matrix to measure lifetime ECL on its portfolio of trade receivables. The provision matrix is prepared based on historically observed default rates over the expected life of trade receivables and is adjusted for forward-looking estimates. At each reporting date, the historically observed default rates and changes in the forward-looking estimates are updated.

6) Offsetting Financial Instruments

Financial assets and liabilities are offset and the net amount is included in the Balance Sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

(j) Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, cheques and drafts on hand including remittances in transit, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. Bank overdrafts are shown within borrowings in current financial liabilities in the balance sheet.

(k) Inventories

Inventories are carried at the lower of cost and net realizable value. However, materials and other items held for use in production of inventories are not written down below cost if the finished goods in which they will be incorporated are expected to be sold at or above cost. The comparison of cost and net realizable value is made on an item-by item basis.

In determining the cost of inventories, weighted average cost method is used. Cost of inventory comprises all costs of purchase, duties, taxes (other than those subsequently recoverable from tax authorities) and all other costs incurred in bringing the inventory to their present location and condition. Cost of manufactured inventories comprises of the direct cost of production and appropriate overheads. The net realisable value of bought out inventories is taken at the current replacement value.

(l) Employee benefits

Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

Defined Contribution Plan

The Group has defined contribution plan for employees comprising of Provident Fund and Employee State Insurance. The contributions paid/payable to these plans during the year are charged to the statement of Profit and Loss for the year. Such benefits are classified as Defined Contribution Schemes as the Group does not carry any further obligations, apart from the contributions made on a monthly basis.

Defined Benefit Plans

1) Payment of Gratuity to employees is covered by the Group Gratuity cum Assurance Scheme of LIC of India, which is a defined benefit scheme and the company makes contribution under the said scheme. The net present value of the obligation for gratuity benefits as determined on independent actuarial valuation, conducted annually using the projected unit credit method, as adjusted for unrecognized past services cost if any and as reduced by the fair value of plan assets, is recognized in the accounts. Service cost and net interest expense or income is reflected in the Statement of Profit and Loss. Gain or Loss on account of re measurements is recognized immediately through Other Comprehensive Income in the period in which they occur.

2) In respect of Subsidiary Company M/s Mayabandar Doors Limited : The liability of which is determined on the basis of an independent actuarial valuation carried out at the end of the year, using the projected unit credit method. Service cost and net interest expense or income is reflected in the Statement of Profit and Loss. Gain or Loss on account of re measurements is recognized immediately through Other Comprehensive Income in the period in which they occur.

Other Long Term Employee Benefits

The Group has a scheme for compensated absences for employee, the liability of which is determined on independent actuarial valuation, conducted annually using the projected unit credit method. Actuarial gain and losses are recognized in full in the Statement of Profit and Loss for the period in which they occur. Accumulated compensated absences, which are expected to be availed or en cashed within 12 months from the end of the year end are treated as short term employee benefits.

(m) Provisions and Contingent liabilities

Provisions

Provisions are recognised when, as a result of a past event, the Group has a legal or constructive obligation; it is probable that an outflow of resources will be required to settle the obligation; and the amount can be reliably estimated. The amount so recognised is a best estimate of the consideration required to settle the obligation at the reporting date, taking into account the risks and uncertainties surrounding the obligation. In an event when the time value of money is material, the provision is carried at the present value of the cash flows estimated to settle the obligation by discounting at a pre-tax rate that reflects current market assessments of the time value of money and the risk specific to the liability.

Contingent Liabilities

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

Contingent Assets

Contingent assets are neither recognised nor disclosed in the financial statements. However, when the realisation of income is virtually certain, then the related asset is not a contingent asset and is recognised.

(n) Revenue recognition

Sales are recognized on transfer of title of the goods (Significant risk and reward of ownership) to the respective parties and are inclusive of Excise Duty but exclusive of Sales tax and Value Added Tax. Post June 30, 2017 excise duty has been subsumed to Goods and Service Tax (GST) and hence the same is not received by the company on its own account, rather it is tax collected on commodity by the seller on behalf of the government. Accordingly, it is excluded from revenue.

Revenue from rendering of services is recognized when the performance of agreed contractual task has been completed. Export incentives are recognized on accrual basis, (except when there are significant uncertainties) based on estimated realizable value of such settlements. Other income is recognized on accrual basis, (except when there are significant uncertainties). Dividend income is recognized when the right to receive payment is established, which is generally when shareholders approve the dividend. Interest income is recognised in the Statement of Profit and Loss using the effective interest method.

(o) Borrowing cost

Borrowing costs directly attributable to the' acquisition, construction or production of an asset that takes substantial period of time to get ready for their intended use, are capitalized. Other borrowing costs are recognized as expenditure for the period in which they are incurred.

(p) Income tax

The income tax expense comprises of current and deferred income tax. Income tax is recognised in the statement of profit and loss, except to the extent that it relates to items recognised in the other comprehensive income or directly in equity, in which case the related income tax is also recognised accordingly.

a. Current tax

Current tax in the Statement of Profit and Loss is provided as the amount of tax payable in respect of taxable income for the period using tax rates and tax laws enacted during the period, together with any adjustment to tax payable in respect of previous years. The payment made in excess / (shortfall) of the Group's income tax obligation for the period are recognised in the balance sheet as current tax assets / liabilities.

b. Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities and the amounts used for taxation purposes (tax base), at the tax rates and tax laws enacted or substantively enacted by the end of the reporting period.

Deferred tax assets are recognised only to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilised.

Deferred tax assets are recognised for the future tax consequences to the extent it is probable that future taxable profits will be available against which the deductible temporary differences can be utilised.

Deferred tax assets and liabilities are offset when there is legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances related to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on net basis, or to realize the asset and settle the liability simultaneously.

(q) Foreign Currency translation

Group's Financial Statements are measured using currency of the primary economic environment in which the entity operates ('the functional currency'). The Group's consolidated financial statements are presented in Indian Rupee, which is parent Company's functional and presentation currency.

In preparing the financial statements of the Group, on initial recognition transactions in foreign currencies, other than the functional currency are recognised at the rates of exchange prevailing at the dates of the transactions. Exchange difference arising on foreign exchange transactions settled during the year is recognised in the statement of profit and loss. At the end of each reporting period, monetary assets and liabilities denominated in foreign currencies are translated at the rate prevailing at that date. The exchange gain/loss arising during the year is recognised in the Statement of Profit and Loss.

The financial statement of the overseas subsidiary are translated in to Indian Rupee, which is the functional currency of the company, as follows-

- Proportionate assets and liabilities at the rates of exchange ruling at the year end
- Proportional revenue items at the average rates of exchange for the period
- Exchange rate difference arising on translation of above is recognised in other comprehensive income

On disposal of foreign operation, the associated exchange differences relating to that particular foreign operation are re-classified to profit and loss, as a part of the gain or loss on disposal

(r) Leases

At the inception of a lease, the lease arrangement is classified as either a finance lease or an operating lease, based on the substance of the lease arrangement.

Assets taken on finance lease

A finance lease is recognized as an asset and a liability at the commencement of the lease, at the lower of the fair value of the asset and the present value of the minimum lease payments.

Assets taken on operating lease

Leases other than finance leases are operating leases, and the leased assets are not recognized on the Group's balance sheet. Payments made under operating leases are recognized in the Statement of Profit and Loss on a straight-line basis over the term of the lease.

(s) Earnings per share

Basic earnings per share is computed by dividing the net profit for the period attributable to the equity shareholders of the parent company by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

(t) Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The group is engaged in the business of manufacture and sale of wood based products, which form broadly part of one product group and hence constitute a single business segment.

(u) Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit / (loss) after tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Group are segregated based on the available information.

37.01 Capital Management :

The group manages its capital to ensure that the group will be able to continue as a going concern and maximising the return to stakeholders through efficient allocation of capital towards expansion of business, optimisation of working capital requirements and deployment of surplus funds into various investment options. The funding requirement is met through equity, internal accruals, long term borrowings and short term borrowings.

The group monitors the capital structure on the basis of net debt to equity ratio and maturity profile of the overall debt portfolio of the group. Net debt includes interest bearing borrowings less cash and cash equivalents and other bank balances.

The table below summarises the capital, net debt and net debt to equity ratio of the group.

Total		38,58,70,338	42,26,66,672	38,75,39,664

Following Methods / Assumptions are used to estimate fair value.

- 1) The carrying amount of financial assets and financial liabilities measured at amortised cost in the financial statements are a reasonable approximation of their face values since the Company does not anticipate that the carrying cost would be significantly different from the values that would eventually be received or settled.
- 2) All foreign currency denominated assets and liabilities are translated using exchange rate at reporting date.

37.03 Fair value Measurement hierarchy:

The following table provides the fair value measurement hierarchy of the Company's financial assets and liabilities, measured at fair value on the balance sheet date:

37.04 Financial risk management objectives and policies :

The group's business activities are exposed to a variety of financial risks, namely liquidity risk, market risks foreign currency risk and credit risk. The group's senior management has the overall responsibility for establishing and governing the group's risk management framework. Group's exposure to each of the above risks, the objectives, policies and processes for measuring and managing risk are as follows -

a) Liquidity risk :

Liquidity risk represents the inability of the group to meet its financial obligations within stipulated time. The group manages liquidity risk by maintaining adequate reserves and banking facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

The table below summarises the maturity profile of the group's financial liabilities based on contractual undiscounted payments

Total	31,17,46,894	9,22,92,770	25,00,000	40,65,39,664

b) Market risk

Market risk is the risk of any loss in future earnings, in realisable fair values or in future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in foreign currency exchange rates, interest rates and equity price fluctuations, liquidity and other market changes. Future specific market movements cannot be normally predicted with reasonable accuracy.

1) Foreign currency exchange rate risk

The group undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. The group regularly evaluates exchange rate exposure arising from foreign currency transactions. The group follows the established risk management policies and standard operating procedures.

i) The group's exposure to unhedged foreign currency risk as at 31 March 2018, 31 March 2017 and 1 April 2016 are as follows.

Particulars	As at 31 March 2018		As at 31 March 2017		As at 1 April 2016

ii) Foreign Currency Sensitivity

The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the year-end for a 1% change in foreign currency rates, with all other variables held constant.

Particulars	Impact on Profit before tax			
	Increase 31 March 2018	Decrease 31 March 2018	Increase 31 March 2017	Decrease 31 March 2017
INR/USD	(44,653)	44,653	(87,599)	87,599
INR/GBP	-	-	545	(545)
INR/EURO	(3,795)	3,795	384	(384)

2) Interest rate risk :

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in prevailing market interest rates. The group's exposure to the risk due to changes in interest rates relates primarily to the group's long term borrowings and short-term borrowings with floating interest rates. The group constantly monitors its financing strategies to achieve an optimal financing cost.

i) Interest rate risk exposure

The exposure of the group's borrowing to interest rate changes at the end of the reporting period are as follows:

Particulars	As at 31.03.18	As at 31.03.17	As at 01.04.2016
Variable rate borrowings	30,40,54,782	28,47,94,202	27,97,48,046
Fixed rate borrowings	22,99,348	2,29,12,102	2,38,26,561
TOTAL	30,63,54,130	30,77,06,304	30,35,74,607

ii) Sensitivity Analysis

For floating rate liabilities, the analysis is prepared assuming the amount of the liability outstanding at the end of the reporting period was outstanding for the whole year, holding all other variables constant.

Particulars	Impact on Profit before tax	
	As at 31.03.18	As at 31.03.17
Interest rate increase by 1 %	(28,35,616)	(29,77,319)
Interest rate decrease by 1 %	28,35,616	29,77,319

3) Equity price risk :

The Company is exposed to equity price risk arising from Equity Investments (other than Subsidiaries, which are carried at cost). The fair value of equity investments classified through other comprehensive income as at March 31, 2018, March 31, 2017 and April 1, 2016, was Rs 52,41,172 /- and Rs 41,03,113 /- and Rs 32,03,797 /- respectively.

Sensitivity Analysis :

The Sensitivity analysis has been determined based on the exposure to equity price risk at the end of the reporting period. A 10% change in equity prices of such securities held as at March 31, 2018, March 31, 2017 and April 1, 2016, would result in an impact of Rs 5,24,117 /-, Rs 4,10,311 /- and Rs 3,20,380 /- respectively on equity before considering tax impact.

c) Credit risk :

Credit risk refers to the risk that a counter party will default on its contractual obligations resulting in financial loss to the group. The group is exposed to credit risk from its operating activities predominantly trade receivables, including deposits with banks and financial institutions, foreign exchange transactions, loans and other financial assets. For these financial instruments, group generally doesn't have collateral.

a) Trade Receivables

Customer and vendor credit risk is managed by business through the group's established policy, procedure and control relating to credit risk management. Outstanding customer receivables are regularly monitored. An impairment analysis is performed for all major customers at each reporting date on an individual basis. The impairment calculations are based on historical data. Trade Receivables generally having a credit period of 30 to 90 days. There is no material expected credit loss based on the past experience. However, the group assesses the impairment of trade receivables on case to case basis and has accordingly created loss allowance.

b) Other financial assets

With regard to all the financial assets with contractual cashflows other than trade receivable, management believes these are quality assets with negligible credit risk. However, the group assesses the impairment loss on loans, investments and other financial assets on case to case basis and has accordingly created loss allowance.

c) Allowance for trade receivables, loans, investments and other financial assets

44. First time adoption of Ind AS

The Group has adopted Ind AS w.e.f 1 April 2017 with a transition date of 1 April 2016. Accordingly, financial statements for the year ended 31 March 2018 together with the comparative information for the year ended 31st March 2017 and opening Ind AS balance sheet as at 1st April 2016 have been prepared in accordance with accounting policies as set out in Note 2 - "Significant accounting policies". In preparing Ind AS balance sheet, the Group has adjusted the amounts reported previously in financial statements prepared in accordance with the accounting standards notified under Companies (Accounting Standards) Rules, 2006 (as amended) and other relevant provisions of the Act (previous GAAP or Indian GAAP).

This note explains the principal adjustments made by the Group in restating its financial statements prepared under Previous GAAP for the following -

A. Exemptions availed

The Group has availed the following optional exemptions and mandatory exemptions in the transition from previous GAAP to Ind AS.

(i) Ind AS optional exemptions

Ind AS 101 "First time Adoption of Indian Accounting Standards" permits Group for adopting Ind AS for the first time to take certain exemptions. The Group has accordingly on transition to Ind AS availed the following key exemptions:

Deemed cost

The Group has elected to continue with the carrying value of its property, plant and equipment and intangible assets recognized as on April 1 2016 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost as on the transition date.

Investment in Equity Shares

The Group has opted to measure equity investments at fair value, through other comprehensive income (FVOCI) based on the facts and circumstances existing at the date of transition to Ind AS rather than at initial recognition.

(ii) Ind AS mandatory exceptions

The Group has applied the following exceptions to the retrospective application of Ind AS mandatorily under Ind AS 101 "First Time Adoption of Indian Accounting Standards".

Estimates

In accordance with Ind AS, as at the date of transition to Ind AS an entity's estimates shall be consistent with the estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective evidence that those estimates were in error.

Ind AS estimates as at 1 April 2016 are consistent with the estimates as at the same date made in conformity with previous GAAP except impairment of financial assets based on expected credit loss model in accordance with Ind AS at the date of transition this was not required under the previous GAAP.

Classification and measurement of financial assets

Group has classified the financial assets in accordance with Ind AS 109 on the basis of facts and circumstances that exist at the date of transition to Ind AS.

De-recognition of financial assets and financial liabilities

Ind AS 101 First-time Adoption of Indian Accounting Standards, requires a first-time adopter to apply the de-recognition provisions of Ind AS 109, Financial Instruments, prospectively for transactions occurring on or after the date of transition to Ind AS.

C. Foot Notes to First Time adoption of IND AS

1. Property, Plant & Equipment

Ind AS 101 permits a first-time adopter to elect to continue with the carrying value for all of its property, plant and equipment as recognized in the financial statements as per the previous GAAP and use that as its deemed cost as at the date of transition. Accordingly, the Group has elected to measure all its property, plant and equipment at their previous GAAP carrying value.

2. Fair valuation of investments

Under the Previous GAAP, the Group accounted for long term investments in equity shares as investment measured at cost less provision for other than temporary diminution in the value of investments. Under Ind AS, the Group has designated such investments as Fair Value through Other Comprehensive Income (FVTOCI). Ind AS requires FVTOCI investments to be measured at fair value.

At the date of transition to Ind AS (1st April, 2016), difference between the instruments fair value and Indian GAAP carrying amount amounting to Rs 27.74 Lakhs has been recognised as a separate component of equity, in the Equity Instrument through Other Comprehensive Income reserve with corresponding adjustment to the carrying value of investments. The amount recognised in Other Comprehensive Income for the year ended 31.03.2017 is Rs 8.99 Lakhs.

Investments in debenture have been measured at fair value through profit or loss (FVTPL) as against cost less diminution of other than temporary nature, if any, under the Previous GAAP.

3. Re-measurements of post-employment benefit obligations

In the financial statements prepared under Previous GAAP, re-measurement benefit of defined plans (gratuity), arising primarily due to change in actuarial assumptions was recognized as employee benefits expense in the Statement of Profit and Loss. Under Ind AS, such re-measurement benefits relating to defined benefit plans is recognized in Other Comprehensive Income as per the requirements of Ind AS 19 - Employee benefits. Consequently, the related tax effect of the same has also been recognised in Other Comprehensive Income.

For the year ended 31st March, 2017, re-measurement of gratuity liability resulted in a net expenses of Rs.49.79 Lakhs which has now been reclassified from employee benefits expense in the Statement of Profit and Loss and recognised separately in Other Comprehensive Income. Tax effect of the same amounting to Rs.16.46 Lakhs is also recognised separately in Other Comprehensive Income. The above changes do not affect Equity as at date of transition to Ind AS and as at 31st March, 2017.

4. Proposed Equity Dividend

Under Previous GAAP upto 1.4.2016, proposed dividend including dividend distribution tax (DDT), are recognized as liability in the period to which they relate, irrespective of when they are declared. Under Ind AS, proposed dividend is recognized as liability in the period in which it is declared by Company, usually when approved by shareholders in a general meeting or paid.

Therefore, the dividend liability (proposed dividend) including dividend distribution tax liability amounting to Rs.71.51 Lakhs upto 1.4.2016 has been de-recognised in the retained earnings as on the date of transition.

Proposed dividend including dividend distribution tax liability amounting to Rs.71.51 Lakhs upto 1.4.2016 which was de-recognised as on the transition date, has been recognised in retained earnings during the year ended 31st March, 2017 as declared and paid.

5. Preference Share Capital & Dividend

Under the previous GAAP, preference share capital grouped under Share Capital but under Ind AS, the same has been classified as "Borrowings" under Liabilities. Accordingly, adjustments have been made in Equity and Borrowings in Balance sheet.

Under the previous GAAP, dividends on preference shares have been adjusted from retained earnings in financial statements. Under Ind AS, such dividends are recognised as finance cost expense in Profit and Loss statement. Accordingly, adjustments have been made in retained earnings and Profit and Loss statement. Preference dividend recognised as borrowing cost during the FY 2016-17 amounting to Rs 13.72 Lakhs.

6. Excise duty

Under the Previous GAAP, revenue from sale of goods was presented net of excise duty whereas under Ind AS the revenue from sale of goods is presented inclusive of excise duty. Accordingly, the excise duty has been included in revenue and other expenses respectively. This change has resulted in an increase in total revenue and total expenses for the Year ended March 31 2017 by Rs 8,69,85,528 /-. There is no impact on the total equity and profit.

7. Other comprehensive income

Under Ind AS, all items of income and expense recognized in a period should be included in profit or loss for the period, unless a standard requires or permits otherwise. Items of income and expenses that are not recognized in profit or loss, but shown in the statement of profit and loss as 'other comprehensive income', includes remeasurements of defined benefit plans and change in fair value of equity instruments and exchange differences on translation of foreign operation. The concept of other comprehensive income did not exist under the previous GAAP.

8. Other Equity

Adjustments to retained earnings as at 1 April 2016 and 31 March 2017 have been adjusted consequent to the above Ind AS transition adjustments.

9. Deferred tax

Under the Previous GAAP, deferred tax was accounted using the income statement approach, on the timing differences between the taxable profit and accounting profits for the period. Under Ind AS 12, Income Tax, deferred taxes are recognized following the balance sheet approach on the temporary differences between the carrying amount of asset or liability in the balance sheet and its tax base.

10. Foreign Currency Translation reserve on translation

The financial statement of the overseas subsidiary in Foreign Currency translated to Indian Rupee, which is the functional currency of the Parent company. As per Ind AS difference arising on translation of Foreign Subsidiary in to Indian Rupee is recognised as a component of Other Comprehensive Income. Accordingly, an amount of Rs 45.52 Lakhs has been credited in Other Comprehensive Income as Items that will be reclassified to Profit and Loss during the year ended 31st March 2017.

The group has elected to reset the cumulative translation difference to zero as on 1st April 2016 by transferring the amount to retained earnings as per Ind AS 101.

11. Ind AS Presentation

In the preparation of these Ind-AS Financial Statements, Group has made several presentation differences between previous GAAP and Ind-AS. These differences have no impact on reported profit or total equity. Accordingly, some income and expenses, assets & liabilities have been reclassified into another line item under Ind-AS at the date of transition. Further, in these Financial Statement, some line items as described differently under Ind-AS compared to previous GAAP although the assets and liabilities included in these line items are unaffected.

4 5 Previous GAAP figures have been reclassified to confirm to Ind AS presentation requirements. Figures have been rounded off to the nearest Rupee.
